Sir:

The applicant telephoned the Patent & Trademark Office of Filing Receipt correction and Office of Initial Examination and spoke to Ms. Deshawn Durham concerning the improper change of the filing date of this application from September 10, 2003 to February 4, 2004. The applicant had responded to a NOTICE TO FILE CORRECTED APPLICATION PAPERS with the submission of formal drawings. But the applicant did not file a fee and a supplemental oath or declaration in compliance with 37 CFR 1.63 and 1.64 requesting the later filing date.

Ms. Deshawn Durham indicated that the date would be corrected to the original filing date of September 10, 2003.

Respectfully submitted,

John G. Mills, Associate Counsel for Patents, Registration 49,054
